

## Fare Conditions

---

Please review the following fare rules that apply to your booking. The most restrictive condition of the fare rule applies if more than one fare rule is used to arrive at the fare. The conditions of the fare rules are applicable for each passenger.

If the outbound and inbound refund or change fees are different amounts and you wish to refund or change your entire trip, the higher fee will apply. When a combination of fares is used with different validity periods, the lowest validity will apply for your entire trip.

The amounts quoted for change fees or refunds are per person. **Change fees will be charged in addition to any applicable fare difference.**
